

## LORO-X SEALING ELEMENT SI DN 150

LORO-X sealing element SI DN 150

### Beschrijving

LORO-X sealing element made of methyl-vinyl rubber (VMQ), colour: red, DN150

### Artikelgegevens

|                          |                             |
|--------------------------|-----------------------------|
| EAN-code                 | 4038088030622               |
| ETIM Klasse              | EC003636                    |
| Nominale diameter        | DN 150                      |
| Buitenafmetingen (HxBxL) | 181 x 181 x 36 mm           |
| Gewicht                  | 0,14 Kg (STK)               |
| Productgroep             | 7                           |
| Douanetariefnumme r      | 40169997                    |
| Materiaal / Kleur        | Methyl Vinyl Kautschuk, Rot |
